SKILLS

JavaScript | React | Redux | Express | Node.js | Python | Flask | WebSocket | SQL | SQLite3 | PostgreSQL | HTML | CSS | Git | Heroku | Render

PROJECTS

Pienimos | *(React/Redux, Flask)*

[live](#) | [github](#)

- Integrated local storage usage with redux store allowing data to persist across users local machine.
- Mirrored styling across features in Dominos creating a pixel perfect clone .
- This will be an amazing bullet point on something amazing about the project. Maybe it is specific about the challenges you had and what you did to overcome them specifically.

Zonar | *(React/Redux, Websockets)*

[live](#) | [github](#)

- Implemented Websockets allowing real time communication amongst users, saving time on querying the database..
- Designed and developed backend routes with many to many relationships allowing for easier and faster querying.
- Managed a team of engineers towards an efficient and organized git workflow minimizing conflicts in both frontend and backend .

!Bnb | *(React/Redux, Express)*

[live](#) | [github](#)

- Harnessed the unidirectional state management of Redux allowing seamless data flow and reliable DOM rendering across the application.
- the challenges you had and what you did to overcome them specifically.
- This will be an amazing bullet point on something amazing about the project. Maybe it is specific about the challenges you had and what you did to overcome them specifically.

EXPERIENCE

Founder

Red Head Construction Co

Sep 2019 - Apr 2022

- Conducted daily meetings that delegated crucial tasks to a team of five which organized the daily structure of work throughout projects.
- Arranged the obtainment of permits and licenses through government channels
- Oversaw a budget of over \$100,000 by maintaining work order scheduling and supply management.
- Add development point here, talk about the building and provide detail on actual "\$1MM"
- Add point on how you got clients, provided bids etc
-

Co-Founder

Kintsugi Realty

Sep 2020 - Present

- Researched and presented multiple potential real-estate opportunities to investors that yielded high ROI.
- Oversee and manage multiple rental properties solving problems for both owners and rentee's.

EDUCATION

AppAcademy - This will be a brief sentence about a/A 2022
